Announce 10 min and 5 min prior to Net: CQCQCQ - The MERT D-STAR Net will start in _____Minutes

CQCQCQ - does anyone need to use this repeater before the **MARION COUNTY EMERGENCY RADIO TEAM** net begins?

Good Evening. This is (name) _____, (call) _____and I will be the Net Control Operator for tonight's **MERT D-STAR** net on __KK4DFC, Freq. 146.790__

Is there any emergency or priority traffic for the net? Emergency or priority traffic only. **Please come now**.

Anyone having an announcement, please say **CONTACT** and wait to be recognized.

This is a training net. Please do not engage in radio traffic that is **not** part of the net and follow the instructions of Net Control Operator.

Next weeks Net Control Operator is _____. Is that station available to back up tonight's net?

If nothing is heard in reply, announce "Is there any station available to back up tonights net?" If nothing is still heard on this frequency, then try switching to an alternate station to see if the net has moved due to equipment failure.

We will be using the **Quick Key** format to check in. Key your radio or dongle for one second only when the frequency is clear. Space your call as not to cause **tailgating.** Wait one full second after the beep before transmitting. Net Control will acknowledge all quick-key check–ins seen. If your station is not acknowledged, be patient, Net Control will ask for additional check-ins. When called upon use the proper phonetic alphabet to give your call sign, name, and location.

I will begin taking check-ins, please quick key now. (Additional check ins for the 2nd round please Quick Key now, etc.) Final: Are there any stations that I have missed or are late, please quick-key now or check in by voice call.

****

After D-Star check in is completed, the NCO will share the results of Winlink practice and the Thursday Challenge.

****

Are there any additional comments or suggestions before we close the net

If you are interested in being a Net Control Operator for this net, please send an email message to Harlan Cook at KG4NXO@marionso.com**.**

This is (call sign)_____ closing the MERT D-STAR net and returning the repeater to

 normal use at: (time) _____.

Thank you for your participation. **The CERT-MERT net on KJ4CLL frequency 145.330 MHz will begin at 20:00 hours (8PM**)

CERT-MERT NET PREAMBLE
